**Professional Summary**

Alex will complete his graduate degree of Urban Planning in May 2015. As part of his graduate education he also obtained a specialization in Real Estate provided through the Illinois College of Business, Department of Finance, at the University of Illinois Urbana Champaign. He currently works with the University of Illinois Extension conducting local and regional economic impact analysis. During his first year of graduate school Alex established PractiK Urban Planning Solutions, a private planning consulting firm, where he continues to seek and complete contracts as time allows.

**Relevant Work Experience**
